

# 2010-11 Membership Renewal/Application

**√Yes—We want to take advantage of GCSAE membership for 2010-11.**

**New this year! GCSAE is introducing one flat fee (based on staff size) for your association to enjoy the benefits of membership. You can then designate the number of key employees within your organization who will receive meeting notices for the outstanding professional development opportunities. Any employee from your association can attend a GCSAE event at the member price. GCSAE meetings:**

- Provide an excellent forum for sharpening your skills as an association professional.
- Help you keep abreast of the issues impacting on the association sector.
- Afford you the opportunity to meet your counterparts in other associations, and the chance to meet representatives from the hospitality and meeting planning sector in an informal atmosphere.
- Assist you in earning continuing education units needed to obtain or maintain your CAE or CMP.

**Thank you for your support! Learn more at [www.gcsae.com](http://www.gcsae.com).**

**TOTAL Enclosed \$ \_\_\_\_\_**

The Greater Cleveland Society of Association Executives (GCSAE) is a professional society of association executives, representing Northeastern Ohio's active association community. It is an allied society of the American Society of Association Executives (ASAE).
